Last Updated Friday, 22 June 2007

Attention Waterfront Workers:

This is to remind you that under the Federal Law and under the Master Contract you are required to wear Personal Protective Equipment (PPE), Failure to wear Safety equipment while at work presents Danger to your fellow workers.

Also:

- Safety Shoes (steel toe when potential for being hit by falling objects exists)
- Safety Harness when working aloft on containers
- All other protective equipment required by your employer at all times on all waterfront facilities and on vessels in this port.
- The use of cellular telephones and headphone radios while on the job is strictly forbidden. Safety First
